1. Objective

The purpose of this policy is to define the guidelines for the email facility issuance, management and its usage.

2. Overview

The Email Management Policy covers aspects related to usage, email id nomenclature, email management (archiving, tracing etc) thereby ensuring security, integrity & availability of emails, appropriate record keeping during the course of business conduct.

3. Scope

The following fall under the scope of the Email Management Policy: -

1. All BAL users including employees, partners (vendors), consultants, dealers and contractors, plant locations, remote offices & branch locations.
2. Usage guidelines, governance on how the retention of emails & records are provided for in accordance with applicable laws & regulations.
3. Housekeeping of Emails & Records to ensure appropriate communications are retained, archived and retrieved for the purposes of audit, statutory compliance etc.

4. Policy

All users must use their company email facility only for work-related purposes.

a. Email id issuance

MIS will accept new email ID creation requests as per below,

Request from	Request for	Approved by
BAL IT Helpdesk	Support Partners, Common Mail ID and for individuals as per functional need	As per workflow configured
HR Desk	New Joinee (L3 and above)	Not Applicable
	New Joinee (below L3)	Respective function L1

b. Email id creation

Exchange Admin will create the Email id on the mailing system and the BAL IT Helpdesk will configure Email id while issuing systems (PCs/Desktops/Workstations) to users.

The following is the Naming Nomenclature that must be used while creating the Email ID.

{Initial of First Name} {Initial of Middle Name} {Last Name} @bajajauto.co.in

Example: -

Employee Name: - Ashutosh Shivaji Kendre

The Email ID would be askendre@bajajauto.co.in

c. Email id modification

1. Exchange Admin must receive a system generated email notification for a change in Dept and Reporting manager.
2. Users must raise a request on the BAL IT Helpdesk portal for a change in display name or any other attributes.

d. Email id disablement/Deletion

1. Exchange Admin must immediately disable/delete user credentials from the Windows Domain on receiving automated report for employee separation/exit/retirement.
2. Email notification received by the BAL MIS Officer on partner/consultant/contractor separation/exit/retirement must be notified to the Exchange Admin for disabling/deleting the IDs immediately.

e. Appropriate use of E-mail

All BAL email users should use the email facility for work-related purposes alone.

Some of the Business Imperatives (not limited to) for which the Employees should use the email facility are as bulleted below: -

- ✓ All official communication to
 - Prospective customers and partners
 - Fellow Colleagues
 - Dealers
 - Contractors & Consultants
- ✓ Receiving commercial proposals
- ✓ Sending commercial proposals
- ✓ Approvals
- ✓ Sending and Receiving Official Notices
- ✓ Contract negotiations

f. Inappropriate use of E-mail

While using the email facility, users should take care and must not:

- × Sign up for illegal, unreliable, disreputable or suspect websites and services.
- × Use it for any personal transactions e.g., Banking, Credit Cards, Loans, Insurances etc.
- × Send any official attachment to any personal email id.
- × Send unauthorized marketing content or solicitation emails.

- × Register for a competitor's services unless authorized.
- × Send insulting or discriminatory messages and content.
- × Intentionally spam other people's emails, including their co-workers.

g. Email Logging

BAL has the right to monitor and archive all transactions done using the email facility.

Retrieval of the mails and access would be done only for the following purposes: -

- 1) Change in employee for the role
- 2) Statutory audits
- 3) Investigations
- 4) Internal audits

h. Email Retention

Email Retention would follow the following norms: -

1. M365 Email ID: – Mailboxes archival would conform to the Microsoft legal hold policy.
2. On-prem Email ID: - Emails would be maintained for a maximum of 30 days online and 12 months on archived tapes.

5. Guidelines

- a. BAL IT Helpdesk would configure email accounts while issuing PCs/Laptops to user.
- b. All email users would login to the email facility with either the Outlook Client or the Outlook Web Interface.
- c. Email users must use their domain ID password for successful login.
- d. Domain ID and Email ID password must be the same.
- e. While logging in the first time 'a change password' prompt must enable change of the default password.
- f. Password policy:
 - i. *Password expiry:* - One month for all, except L0s* who have 3 months duration
**Note: Exceptions to the standard password expiry policy will be evaluated and addressed on a requirement basis*
 - ii. *Acceptable password:* - Minimum of 8 characters (Alphanumeric) and last three passwords not allowed.
- g. Web Interface URLs are as below: -
 - i. Office 365 user URL – <https://outlook.office365.com>
 - ii. On Prem Office 365 user URL – <https://webmail.bajajauto.co.in/owa>
