

Time and Leave rules for Level 5 employees

Policy details:

Casual-cum-Sick Leave (CSL):

- An employee will be entitled to 12 CSL per calendar year (i.e. from 1st January to 31st December).
 - As per the existing practice, the leave will be credited on 1st January as an advance leave
- CSL will not accumulate. Hence, maximum CSL opening balance on 1st January will be 12. Any un-availed CSL at the end of the calendar year will be converted to Earned Leave (EL).
- During transition to revised rules –
 - Any un-availed CSL at the end of calendar year 2025 will be frozen for 5 years, to allow employees to utilize any remaining leave before it is permanently lapsed.
 - Effective from 2026 onwards, un-availed CSL will not accumulate and will be converted to EL.

Earned Leave (EL):

- An employee will be entitled to 15 EL per calendar year (i.e. from 1st January to 31st December).
- We will continue to credit EL to an employee as per the existing practice. The EL will get credited to the employee on 1st January every year, basis the number of days that the employee has worked during the previous calendar year (pro-rated).
- EL will accumulate up to a maximum opening balance of 45 days. At the time of crediting new EL, in case there are any EL in excess of 45 days will be auto-encashed at single rate (all allowances).
- EL can be utilized in multiples of a minimum of 0.5 days, with no limit on the number of instances.
- During transition to revised rules –
 - Any existing ELs exceeding the maximum accumulation limit of 45 days will be encashed as a one-time activity in January 2026 as per old policy.

Short Leave: An employee will be allowed to take 2 hours of short leave up to 4 times a year. For each instance, 0.25 CSL will be deducted.

Tolerance Limits: An employee will be allowed a cumulative 30 mins shortfall in a month only in instances when the company provided bus/cab etc., is late.

Forgot to Punch (FPNR) Quota: The revised FPNR Quota will be up to 6 instances per calendar year (i.e. from 1st January to 31st December).

Compensatory-off and Substitute-off:

- In case you are required to work on a paid holiday, you will be eligible for 1 compensatory-off and 1 day's "basic" with necessary approvals. Such compensatory-off is to be taken within 1 month from such instance of working.
- In case you are required to work on a weekly off, you will be eligible for 1 substitute-off and 0.5 day's "basic" with necessary approvals. Such substitute-off is to be taken within 3 days preceding or succeeding such instance of working.

Approval Process: All requests for leave, short leave, FPNR, OD, etc., must be approved through the existing ESS system or any alternative means as notified by the organization from time to time.

While all the above rules will be applicable to new joiners, leave eligibility during the year of joining for them will be as follows:

- Pro-rata CSL will be credited on the date of joining of an employee as an advance leave basis working days left in the calendar year in which the employee has joined (days between joining date and 31st December of the year)
- Pro-rata EL will get credited in January of subsequent year on basis the number of days that he/she has worked during the current calendar year

Leave eligibility for employees getting "Separated" (for the year of separation):

- EL Eligibility for the year of separation
 - Eligibility will be calculated pro-rata basis days worked during the year of separation

- CSL eligibility during the year of separation
 - CSL are credited as advance in the beginning of the year
 - Hence, actual eligibility for the year of separation will be calculated pro-rata basis days worked during the year of separation

Full and final settlement – Treatment of EL:

- For calculating the full and final settlement of an employee, the following data will be considered:
 - The accumulated EL balance, includes pro-rated eligibility of the current year.
 - EL availed during the year

Full and final settlement – Treatment of CSL:

- The frozen CSL balance will never be converted to EL or be encashed at any point of time
- Any unavailed CSL balance (credited post 1st January 2026) will get converted into EL
- If availed leave is more than opening balance + pro-rated eligibility (from 1st January till date of relieving), it will lead to negative balance of leave. Such negative balance will be treated as a loss of pay and appropriate recovery will be done from the full and final settlement

While the intent of the policy is to provide employees better benefits, any form of indiscipline such as un-authorized leave by any employee will be viewed seriously by the Management and an appropriate disciplinary action will be taken against such employee. Hence, it is advised to take leave with prior information and necessary approvals.

The management reserves the right to amend, modify, or change the policy, at its discretion and in accordance with applicable laws from time to time.

This policy supersedes all the existing approvals and amendments thereof with reference to leave policy. **This policy will be effective 1st January 2026.** Any exception(s) to the policy will have to be approved by CHRO.

Regards,
Human Resources
