Q7	What all claims are there and how to claim them: Non trip + trip expenses	For Trip Expenses: For trip expenses, there are two types of trips you need to create: Online and Offline.

Online Trip:

In an online trip, all bookings such as flight, bus, hotel, and cabs are automatically imported from MMT (MakeMyTrip) and are already present in the trip. For any other expenses related to the trip, you need to manually add them to the trip and then submit the trip.

Here steps to follow:

- 1.Go to MyTrip.
- 2.Select Past Trips.
- 3.Choose the particular trip you want to add expenses for.
- 4.Click on Add Expenses.
- 5.Add the relevant expenses.
- 6.Go to Voucher and click on the orange button labeled "Send Expenses for Approval".
- 7.Once the expenses are populated, click on the orange submit button again to finalize the submission.

Offline Trip:

If your bookings are not made through the online system, you need to create an offline trip and manually add all related expenses (e.g., travel, accommodation, meals, etc.) before Submitting the Voucher.

1.Go to the Offline Trip section.

Provide a Trip Title.

Add a Trip Description.

Check Start and End Date & Time:

- 2.Under the trip details, make sure to check the start and end date and time of the trip.

Submit the Trip:

- 3.After verifying the dates and times, click on Submit to create the trip.

Add Expenses:

- 4.Once the trip is created, go to the Trip Details and select Add Expenses.

5.Add all relevant expenses related to the trip (e.g., accommodation, travel, meals, etc.).

6.Submit Expenses for Approval:

- 7.After adding the expenses, go to the Voucher section and click on the orange button "Send Expenses for Approval".

8. the expenses are populated, click on the orange submit button again to finalize and submit the expenses for approval.

Q8	What is an Offline trip	There are two types of trips - Online and Offline. Online trip is a trip that is booked online from Mybiz. Example, a flight, hotel or cab etc. Offline trip is when the user has booked a flight, cab or hotel completely by himself through other channels and not from our platforms, but it is still part of a trip and user wants to get reimbursed for the trip. Online trips will automatically show in myclaims. Offline trip will have to be created by the user and the expenses will have to be created and submitted in that trip's voucher.
Q9	How to claim conveyance without bills	To claim Conveyance Without Bills (if own car), follow these steps: Click on "Add Expense". 1. Select the "Log Miles" option from the available options. 2. Enter the details: 3. Date of Travel. 4. Select the Vehicle Type (Two wheeler, Four wheeler). 5. Enter the Origin and Destination locations. 6. Distance Traveled (in kilometers). 7. Submit the expense once all details are filled. To claim Conveyance Without Bills (Select services : Conveyance Full Taxi Without Bills, AutoRickshaw - LT,) follow these steps: 1. Click on the "Add Expenses" button. 2. Select the appropriate services (e.g., Local Conveyance - Without Bills). 3. Click on "Next". 4. Enter the following details: *Transaction Date (date of travel). *Transaction Location (origin and destination). *Amount 7. Submit the expense once all details are filled.
Q10	Difference between actual and fixed daily expenses	Actual DA: These are the expenses that are incurred based on actual spending during the day. (DA Laundry, DA Telephone, DA Food Expense Travel) Fixed DA: These are pre-determined or agreed-upon amounts for daily allowances, regardless of the actual spending. (DA Own-Arrangement, DA Hotel, DA Guest House)
Q11	How to merge trips in myclaims?	We should not merge the trips. However, after the vouchers (trip expenses) are declined from Finance, the voucher moves to the Draft stage. In the Draft stage, we can move expenses from one trip to another.
Q12	If any booking is made through implant, how does employee claim it?	It will automatically flow into MyTrips section of their MyClaims, and claim process will remain same
